Requests for Donations

Family time is the cornerstone of the Disney Parks experience. Within Walt Disney Parks and Resorts, our Corporate Citizenship efforts focus on enriching children and families through shared experiences that nurture, inspire and empower them to create a brighter world.

It is in that spirit that Disney Parks has partnered with Points of Light to launch a new complimentary ticket program that rewards nonprofit organizations and schools in the U.S. with Disney theme park tickets for hosting - or participating in - family volunteer activities.

This new program will reward eligible nonprofits who support family-based volunteerism with complimentary Disney Park Tickets. Volunteer projects can benefit the organization directly, or support another community effort or need. The more volunteers, the more tickets earned, up to 20 per organization.

To learn more about this program please visit, www.pointsoflight.org/disneyrewards/.
